

# Kitchen Remodel

**COST AND TIPS** Remodeling can be as simple as a fresh coat of paint, or complex as a complete transformation. No matter the route, planning helps you avoid costly, surprising setbacks and keeps the project on time and on budget.

## 01

### SET A BUDGET

New appliances and more square footage, or painted cabinets and a new fridge? Make the decision before you start. Don't forget budgeting for little details, like cabinet knobs.

## 02

### COLOR & STYLE

Choose colors and materials that are cohesive with the design of the rest of the house.

## 03

### MATERIALS, APPLIANCES, PERMITS

Source your materials, appliances and permits. Look into eco-friendly building materials and energy-efficient appliances. Purchase as much as possible or know the specifics.

## 06

### TIMELINE

Don't order or replace cabinets until you know the dimensions of new appliances.

## 05

### OBSTACLES

Will you need to reroute utilities? Will the new oven or fridge fit through the doorways? Do you have space to store materials and appliances until they're installed?

## 04

### LOGISTICS

Check shipping periods. Make sure you'll get materials in time. Will the remodel require enough tear-out that you'll need to seal off other rooms? Where will you cook your meals and eat during the remodel?

### COST BREAKDOWN

\$ <input type="checkbox"/> Cabinets	\$ <input type="checkbox"/> Faucet	\$ <input type="checkbox"/> Paint & Primer
\$ <input type="checkbox"/> Cabinet Hardware	\$ <input type="checkbox"/> Cabinet Knobs	\$ <input type="checkbox"/> Exhaust Fan
\$ <input type="checkbox"/> Sink	\$ <input type="checkbox"/> Backsplash	\$ <input type="checkbox"/> Inspection/Permit
\$ <input type="checkbox"/> Floor	\$ <input type="checkbox"/> Drywall & Cement Board	\$ <input type="checkbox"/> Fixtures/Furniture/Decor
\$ <input type="checkbox"/> Appliances	\$ <input type="checkbox"/> Light Fixtures	

Since some of the items above require different installation adhesives or materials; speak to the employees at your local hardware store when purchasing some of the materials listed here →
